Interior and exterior adhered veneer, including house fronts, commercial facades, foundations, columns, outdoor kitchens, backsplashes, shower walls, chimneys, fireplaces, and surrounds.

FEATURES & BENEFITS

Mountain Fieldstone Ledge offers the same beauty and solid finished look as the building stone, but with the appeal of efficient and lightweight installation.

Mountain Fieldstone Ledge can be installed below grade and does not usually require footers or additional support. Check with local building codes before installing material. It is an easy stone to work with, is absorbent and lightweight, and adheres well.

The information contained in this document is provided to explain the most commonly asked questions about stone and its uses. This document serves as a general guideline and the information provided within is not meant for exact structural specifications. Frederick Block, Brick & Stone has neither liability, nor can be held responsible, to any person or entity for any misunderstanding, misuses, or misapplication that would cause loss or damage of any kind, including loss of rights, materials, or personal injury, or alleged injury to be caused directly or indirectly by the information contained in this document.
