USES

Interior and exterior adhered veneer, including house fronts, commercial facades, foundations, columns, outdoor kitchens, backsplashes, shower walls, chimneys, fireplaces, and surrounds.

FEATURES & BENEFITS

Santa Monica Ashlar offers the same beauty and solid finished look as the building stone, but with the appeal of efficient and lightweight installation. This stone is cut roughly into rectangular shapes with minimally sawed edges.

Santa Monica Ashlar can be installed below grade and does not usually require footers or additional support. Check with local building codes before installing material. It is an easy stone to work with, is lightweight, and adheres well.
