ICPI Certification Course

Wednesday, February 17th - Thursday, February 18th
Frederick Block, Brick & Stone - 1040 Martinsburg Pike, Winchester, VA

Earn your Level 1 ICPI Certification

Frederick Block, Brick & Stone is pleased to offer THE industry recognized program for Interlocking Concrete Pavement Installation professionals. We are pleased to partner with Belgard to host and co-sponsor an upcoming ICPI Level 1 Certification course.

Each person who participates will receive a $250 rebate coupon which can be used at Frederick Block, Brick & Stone on Belgard paver and wall material or natural stone. (1 coupon per job, $1200 minimum order)

COURSE DESCRIPTION

The two-day classroom based course equips individuals currently employed in the concrete paver installer industry with classroom training to properly install interlocking concrete paving systems. In addition, participants have the opportunity to pursue certification and industry recognition.

5 REASONS TO BECOME AN ICPI CERTIFIED INSTALLER

1. Demonstrate your commitment to the interlocking concrete pavement industry profession
2. Show your ability to meet national guidelines
3. Expand your skills and knowledge through continuing education
4. Receive national and local promotion - ICPI promotes certified installers in its guide specifications, literature, website and videos. Plus, many ICPI manufacturer members promote certified installers to the general public.
5. Benefit your bottom line-We'll show you how to increase your bottom line through greater efficiency.
